

COVID-19: Accreditation requirements for the participants to "3Tre Audi FIS Ski World Cup " Madonna di Campiglio (TN - Italy) 22.12.2021

- Given the Legislative Act "D.Lgs 26 Novembre 2021, n. 172, regarding "Digital Green Certificate Rafforzato" (<https://www.gazzettaufficiale.it/eli/id/2021/11/26/21G00211/sg>)
- Considered the situation of the current spread of contagion on an European level, as indicated by ECDC (<https://www.ecdc.europa.eu/en/covid-19/situation-updates/weekly-maps-coordinated-restriction-free-movement>)
- Considered the current incidence and predominance, in Italy, of the infection of Sars-Cov-2 and the increase as indicated by the national update on 17 November 2021 (published on 19.11.21) (https://www.epicentro.iss.it/coronavirus/bollettino/Bollettino-sorveglianza-integrata-COVID-19_17-novembre-2021.pdf) and the national update on 24 November 2021 (published on 26.11.21) (https://www.epicentro.iss.it/coronavirus/bollettino/Bollettino-sorveglianza-integrata-COVID-19_24-novembre-2021.pdf) by the health department "Istituto Superiore di Sanità"
- Considered the FIS Calendar, in which, the races prior to the competition that will take place in Madonna di Campiglio on the 22nd and 23rd December 2021, are located in zones indicated as pandemic red zones (France and Südtirol) (<https://www.fisi.org/>)
- Considered the current indication in vaccination field on a European level, in which are considered valid the following vaccines:
(<https://www.salute.gov.it/portale/nuovocoronavirus/dettaglioFaqNuovoCoronavirus.jsp?lingua=italiano&id=255>)

Currently in Italy are authorized the following vaccines:

1. **Comirnaty by Pfizer-BioNtech** - it is the first vaccine to be authorized by the European Union: the 21st of December 2020 by the European Medicine Agency (EMA) and on the 22nd of December by the Italian Pharmacological Agency (AIFA).
2. **Spikevax (Moderna)** - on the 6th of January it was authorized by the EMA and the 7th by AIFA
3. **Vaxzevria di AstraZeneca** - on the 29th of January it was authorized by the EMA and the 30th by AIFA
4. **Janssen (Johnson & Johnson)** - the fourth vaccine to be authorized by the EMA on the 11th of March and by the AIFA the 12th of March 2021

- Given the continuity between the “Red Bubble” and “Yellow Bubble”

In the optic of protecting *in primis* the competitive athletes that will be hosted in the competition , and in second place of protecting the small hosting community, both during the competition and in the following period, from possible infection and epidemic outbreaks that could take to local closures with harm in both sanitary and economic area.

IT IS ASSUMED THAT

It is necessary a further level of protection for the workers that enter in the “Yellow Bubble”. Therefore, it will be a necessary condition to accreditate, for all that enter in the category above:

- 1- Showing of a PCR test with negative result, dating back not more then 72h before the arrival in Madonna di Campiglio
- 2- Certificate of vaccination or recovery (not more then 6 month), or Digital Green Certificate *Rafforzato* as per D.Lgs 172/21

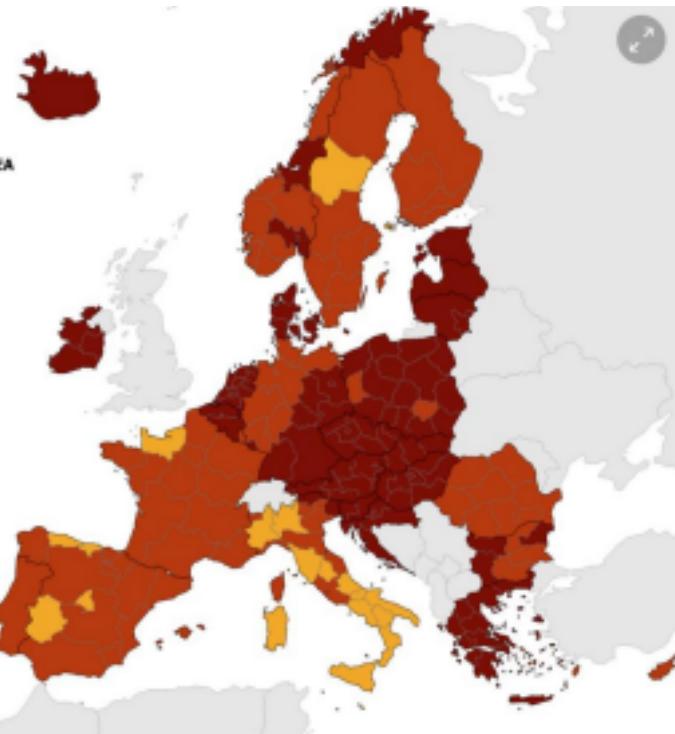

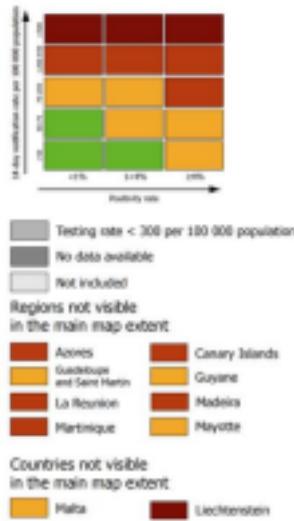

We remind that, both in Alta Badia and in Madonna di Campiglio, it will be possible to do a PCR test.
